Mr Salvatore Capizzi
Winnipeg MB

Dear Mr Capizzi,

THANK YOU for giving More Tomorrows.

Your donation raised through your *Winnipeg Table Hockey Tournament* in support of CancerCare Manitoba Foundation means that CancerCare Manitoba can continue to provide the very best cancer research, care and patient support to all Manitobans and their families living with cancer.

We can do our work only because of the steadfast commitment of our community, and people like you. We will continue to work tirelessly to steward every dollar raised to show you how much we value your support.

We are grateful for your donation, and also for the time and effort invested in fundraising on our behalf.

Forecasts tell us that cancer is on the rise in Manitoba. This means champions like you will be even more critical if we are going to stay ahead of this formidable disease.

On behalf of everyone at CancerCare Manitoba – especially the patients we serve – thank you. Together we are creating More Tomorrows. You are part of the solution!

Warmest Regards,

Kate Gameiro
Events Manager

November 18, 2014

Winnipeg Table Hockey League

It is my pleasure to provide you a copy of the CancerCare Manitoba Foundation Annual Report for the year ending March 31, 2014. This report is one way for the Foundation to recognize and thank you for your valuable support.

Over 400 events like yours account for a substantial portion of the funds raised last year. Your valuable contribution is exceptionally important and makes a significant impact on Manitobans facing a cancer diagnosis. With your help the Foundation was able to donate more than \$5.7 million to fund more than forty separate projects. These funds support prevention, early detection, breakthrough research, equipment purchase, state of the art treatment, and support for patients and families at CancerCare Manitoba.

We were proud this year to use the photograph of Nicolina Ammazzini on the cover of our annual report. Nicolina was diagnosed with a rare and aggressive cancer at two years of age and after intensive treatment at CancerCare Manitoba her doctor said she was going to be "OK". Her story inspires us and we hope you are inspired as well.

Last year more than 6,000 Manitobans received a cancer diagnosis and this number is expected to increase by 50% over the next two decades. This is a daunting forecast but with continued support from events like yours we will keep ahead of this terrible disease.

Thank you again for your trust and support.

Sincerely,

Annitta Stenning
PRESIDENT & CEO, CANCERCARE MANITOBA FOUNDATION

The CancerCare Manitoba Foundation is the only organization exclusively fundraising for CancerCare Manitoba, which is charged by the provincial government with the responsibility for cancer prevention, detection, treatment, care, research and education. All funds raised stay in Manitoba to support CancerCare Manitoba's work in the following locations:
In Winnipeg: MacCharles Unit, 675 McDermot Ave; St Boniface Unit, St Boniface Hospital, 408 Tache; Breast Cancer Centre of Hope, 591 Walsley Ave; BreastCheck, CervixCheck and ColonCheck screening programs, 945 Sherbrook St.; and around the province, providing care closer to home, at 16 Community Cancer Programs located throughout Manitoba.
